

OUTDOOR GAS FIREPLACES

SÓLAS
CONTEMPORARY FIRE

ONE6 OUTDOOR

The Home of Contemporary Fire

Transform any outdoor space with ease with one of our contemporary wall-mount, outdoor gas fireplaces. Crafted with high-grade stainless steel and engineered to withstand the elements, our modern fireplace designs bring warmth and ambiance to your outdoor space.

Proudly Designed and Built in the USA

Why SÓLAS Outdoor

The convenience of a contemporary SÓLAS wall-mount fireplace can now be enjoyed outdoors. See the reflective soothing flames as you dine on your deck, or as your guests enjoy a luxurious night on the patio. Feel the warmth as the sun sets and the night continues on with your SÓLAS outdoor fireplace. Extend your time enjoying the outdoors with a high-efficiency SÓLAS fireplace. *For outdoor use only.*

Contemporary Design

Manufactured with the highest grade of Stainless Steel, SÓLAS Outdoor fireplaces are robust to withstand the elements. Our innovative fireplace designs—linear, landscape and portrait—are the perfect solution to an auxiliary heat source for your outdoor space.

Simple Operation

SÓLAS Outdoor fireplaces are operated with a standard remote control. Flame height can be raised or lowered to achieve the desired effect.

Made With Pride In The USA

SÓLAS products are designed and manufactured at our facility in New Hampshire, USA.

Ease of Installation

No venting required. Simply hang the unit on an outdoor exterior wall for a simple, low-cost, effortless installation. No major renovations needed for existing construction. Ideal for new construction.

Fuel Specific / LP or NG

High-efficiency SÓLAS Outdoor fireplaces are ordered fuel specific, LP or NG. This ensures that every unit is fully tested at the factory for use with your specific gas type.

Reflective Glass Media Burner Pan

Reflective glass media is used specifically for SÓLAS fireplaces—ensuring they will operate with the highest efficiency possible. Glass crystals on top of the burner cast light throughout the fireplace and surrounding areas. Clear glass media as standard; colored glass media optional.

Installation Flexibility

SÓLAS Outdoor fireplaces have been approved to mount directly on combustible surfaces. The fireplaces can be located as low as 3" from the floor or positioned perfectly to "deck-chair height". Overall depth is just 7⅝".

Safety Standards

SÓLAS Outdoor fireplaces are evaluated and certified to ANSI Z21.97-2014/CSA 2.41-2014 - Outdoor decorative gas appliances, CGA 2.17-M91 (R2014) - Gas-Fired Appliances for Use at High Altitudes.

Battery Operation

SÓLAS Outdoor fireplaces operate using a Mertik Maxitrol control system, which runs on four AA batteries, so there is no need to hard wire power to the fireplace; and in a power outage, you still have heat. Normal battery life is one heating season.

FORTY6 OUTDOOR

LINEAR WALL-MOUNT GAS FIREPLACE

With its signature modern linear design, the FORTY6 now adds a contemporary focal point to your outdoor space. Bold and classically chic, homeowners marvel at the FORTY6 Outdoor fireplace's clean lines and state-of-the-art wall-mount design. Manufactured in New Hampshire with high grade stainless steel and porcelain enamel firebox liners.

Certified by PFS-TECO, to ANSI Z21.97-2014/CSA 2.41-2014 "Outdoor Decorative Gas Appliances", CGA 2.17-M91(R2009) "Gas Fired Appliances for Use at High Altitudes"

TWENTY6 OUTDOOR

LANDSCAPE WALL-MOUNT GAS FIREPLACE

Perfect for deck chair and patio table height, the revolutionary wall mount SÓLAS TWENTY6 Outdoor fireplace is designed to withstand the elements. Because of its landscape size and durability, the TWENTY6 Outdoor can be used in a variety of traditional and modern outdoor architectural applications. Model TWENTY6 is manufactured in New Hampshire with high grade stainless steel and porcelain enamel firebox liners. For outdoor use only. Optional stainless steel corner mounting kit is available.

Certified by PFS•TECO, to ANSI Z21.97-2014/CSA 2.41-2014 "Outdoor Decorative Gas Appliances", CGA 2.17-M91(R2009) "Gas Fired Appliances for Use at High Altitudes"

ONE6 OUTDOOR

PORTRAIT WALL-MOUNT GAS FIREPLACE

The SÓLAS ONE6 Outdoor is our portrait-sized contemporary wall-mount outdoor fireplace. Perfect for intimate settings, the ONE6 Outdoor can also be installed in a corner—creating a unique focal point to your outdoor space. For added warmth and ambiance in a variety of outdoor applications, the ONE6 Outdoor is manufactured in New Hampshire with high grade stainless steel and reflective enamel firebox liners.

Certified by PFS-TECO, to ANSI Z21.97-2014/CSA 2.41-2014 "Outdoor Decorative Gas Appliances", CGA 2.17-M91(R2009) "Gas Fired Appliances for Use at High Altitudes"
