SÓLAS
CONTEMPORARY FIRE

The SÓLAS Story

The name SÓLAS derives from the Gaelic word meaning “*Light*.” At SÓLAS, we proudly deliver light and transform interiors with the warmth and beauty of fire.

As a hearth industry leader, SÓLAS brings world-class engineering and manufactures only the highest quality products. For customers who demand the very best – SÓLAS delivers. Every product we make is built to last a lifetime.

PROUDLY DESIGNED
& BUILT IN USA

SÓLAS: Skillfully Designed, Expertly Manufactured & Built to Last

Innovative Design

Through innovation and with a focus on quality, SÓLAS has become an industry leader in gas fireplace technology. Our line of highly-efficient products offers all of the features in demand by today's design-driven homeowner.

Industry Experience

With more than 40 years of experience, our team brings industry know-how to the gas fireplace market. Our passion, expertise and knowledge propels us forward to create products that are built to last.

Finest Quality

Our products are made to the highest standard without compromise. We design and manufacture products that are built to last by using heavier gauge materials, fully-welded fireboxes and state-of-the-art gas control systems.

Made With Pride In The USA

All SÓLAS products are proudly designed and manufactured in the USA. With a core focus on research and development – we are driven to bring the best solutions and quality innovations to market.

Ease of Installation & Service

We engineer our products with installation and service in mind. Always striving to improve, SÓLAS products provide unique solutions for the most challenging installations.

Our Promise

SÓLAS is recognized as a manufacturer of high quality products. Every fireplace is designed, tested and approved to the latest ANSI and CSA standards for use in North America and backed with a limited lifetime warranty.

PROUDLY DESIGNED
& BUILT IN THE

USA

With a full range of models to choose from, SÓLAS can satisfy any heating requirement and room size.

LINEAR WALL-MOUNT DIRECT-VENT GAS FIREPLACE

The SÓLAS FORTY6 features a unique wall-mount design, allowing for installation throughout the home without the need for major renovations. Hang the unit on an outside wall and direct-vent for a simple, effortless, installation. On an inside wall, the fireplace can be installed with venting runs of up to 20' (6.10m) vertical and 10' (3.05m) horizontal, allowing for a wide range of installation options. The SÓLAS FORTY6 is a highly-efficient contemporary fireplace with a sleek profile. The unit's reflective porcelain enamel firebox liner serves to reflect the flames, adding depth to the flame picture, for a very dramatic effect. The fireplace comes standard with a state-of-the-art remote control, which not only allows you to light and operate the fireplace but can also be programmed to control the fireplace thermostatically, automatically maintaining your desired room temperature.

Features

- Wall-Mounted
- Ease of Installation, Simply Hang on the Wall
- Direct-Vent Technology, Heater Rated
